

AGS presentation

AGS is a French company. Since its creation in 1974, AGS has expanded year after year, to offer a strong physical presence throughout the world, in Europe, Asia and Africa, and through its partners in the Americas and Oceania.

In 2021 the AGS Group has 141 locations in 95 countries and has one of the largest network in the international moving industry.

AGS has a workforce of 2,100 and a total warehouse area of 197,355 m².

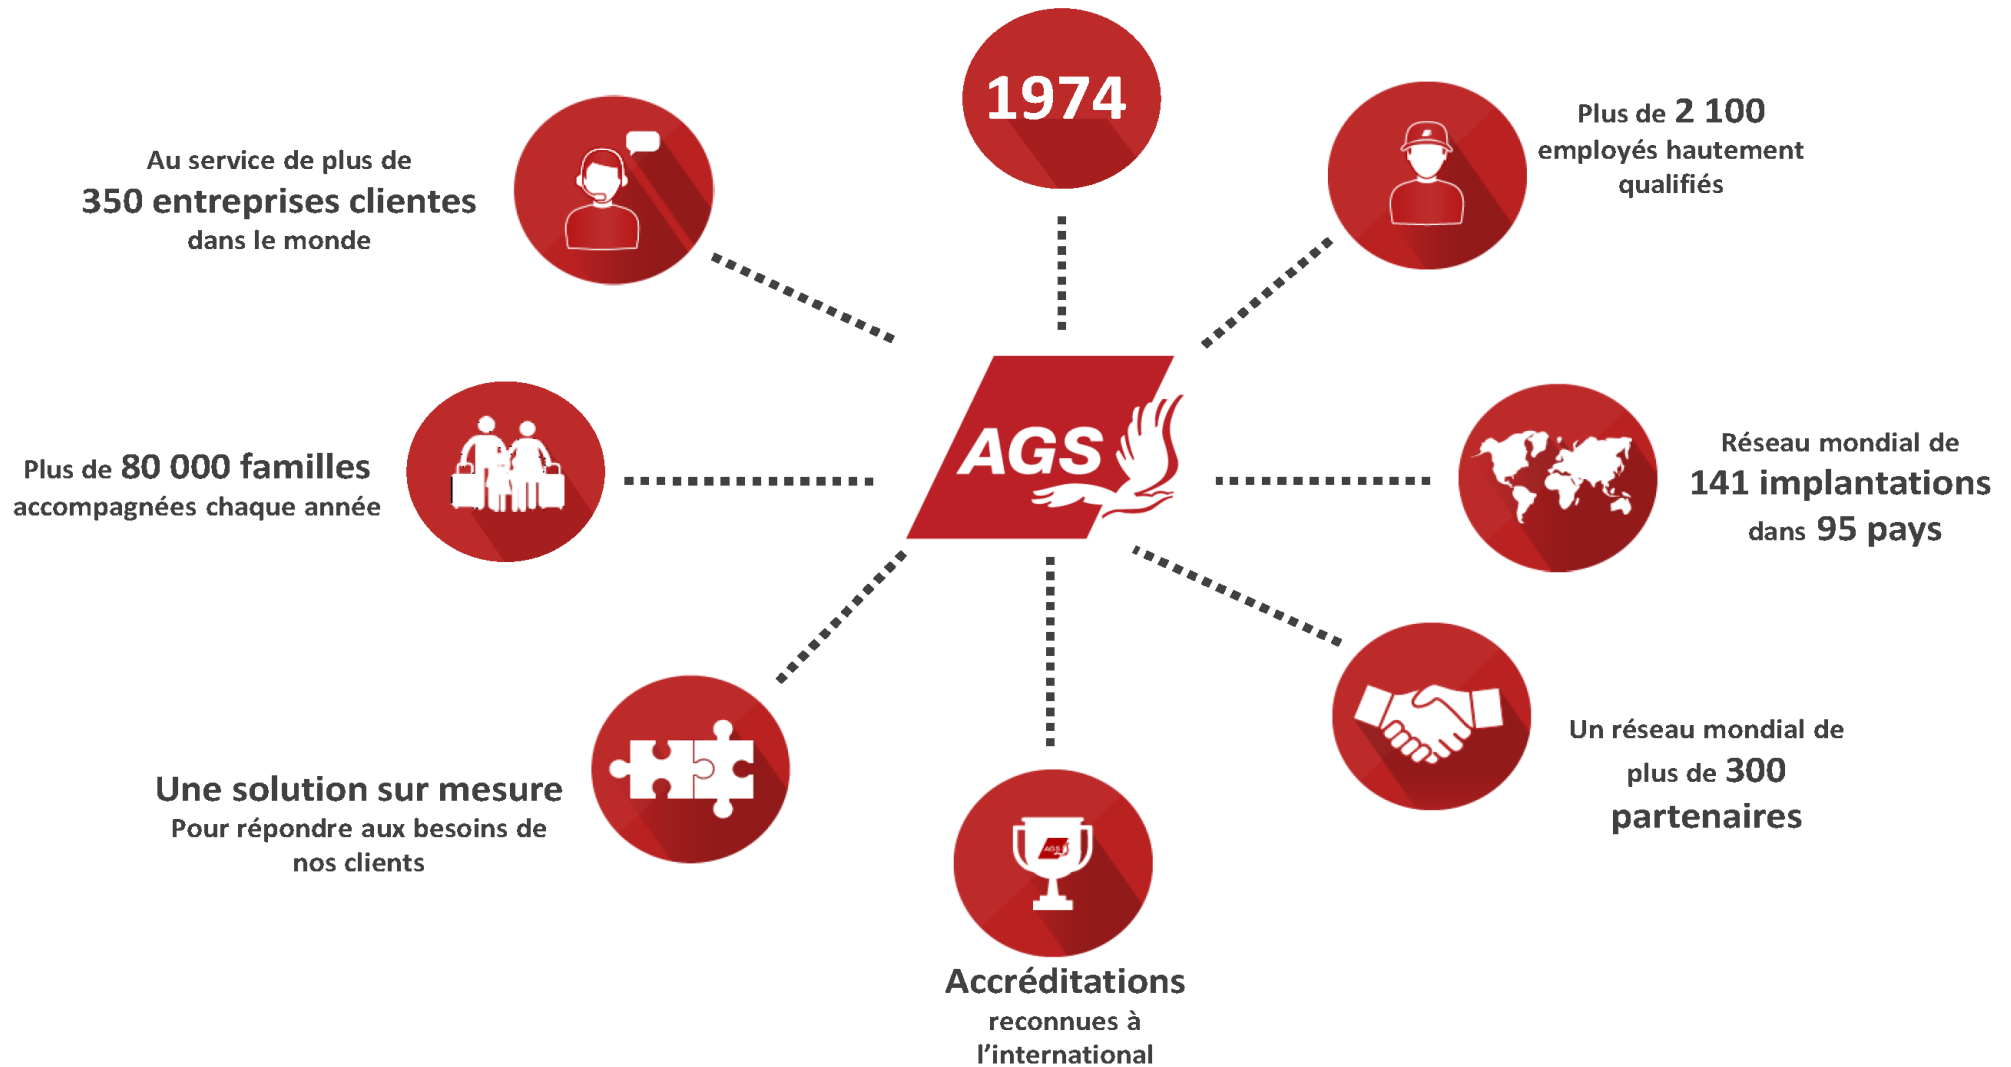

- AGS has 3 activities :
- Removals and storage: AGS assists more than 85,000 families with their relocation every year. We also assist global companies with their office transfers, both locally and internationally.
- Records management, AGS provide physical and digital archiving, as well as our new heritage imaging solution, to ensure that all your documents are safe and accessible from anywhere at anytime
- Corporate Relocation : provides assignees with expatriation solutions throughout their moving process and assists organizations in managing their relocation needs
